

Informed and connected

Nokia 2730 classic

With its sophisticated simplicity, the Nokia 2730 classic has features for our customers who have limitations in cognition, hearing, or vision. Some of these include:

Cognition

- Contacts with images
- EMS picture messaging (send and receive)
- Support for assigning images to contact
- Reminders
- Dial-out buffer memory

Hearing

- Built-in hands-free speaker phone
- Speed dialing for SMS sending
- Common inbox for SMS and MMS messages
- Vibrating alert

Vision

- Voice dialing
- Nokia Xpress audio messaging
- Any-key answering
- Keys with tactile feedback

Nokia devices are designed for usability by the greatest number of people, including our customers with disabilities. Product specifications sheets are available with more details about accessibility.
