Nokia C6-01

The Nokia C6-01 is designed for consumers who want to stay on top of their social life while on the go. The Nokia C6-01 is also one of Nokia's greenest devices to date, featuring the use of bioplastics and recycled metals for much of its construction. The device features:

- Integrated social networks
- 8 MP camera and HD video
- Three customizable home screens with the option to add widgets, theme, shortcuts and icons
- Full-touch glass display with orientation sensor and changeable color schemes
- Front: application key, send & end/power key, side: camera key, lock key, volume up and down; finger touch support for text input and UI control; on-screen alphanumeric keypad and full keyboard
- Possibility to use capacitive stylus
- Multiple status updates at once
- Compatibility with third-party text-to-speech and magnification applications.
